Most of the items parents/guardians will be able to purchase on your own, we will tell you which ones.

As a team we all need to have a nice clean cohesive look, we ask that you follow all the team gear rules and regulations on and off the stage while we are competing.

Also all costumes are to be kept in great condition while competing. We ask that you not ball up or throw your costumes around or treat them badly.

I will be holding your dancer responsible for keeping their team gear and costumes in great condition also (for those that are capable of doing so).

Damages to your team gear/costumes throughout the regional tour are unacceptable and we will not have time to replace things.

Take care of what you are paying for.

It's going to be a great year!
